- 2 cups Whole wheat flour (Atta)
- 1/2 tsp Salt

2. Pinch out small balls and roll them into thick circles (slightly thicker than a regular chapati).
3. Wet one side of the rolled roti with water. Place the wet side down on a hot iron tawa.
4. When bubbles appear, flip the tawa upside down over direct flame to cook the top side until charred spots appear. Brush with ghee and serve.
